

### Data Format for OMB Regulatory Report

The first data row below explains the style to use in the table. The second data row gives an actual example.

RIN, Title, CFR Citation	Type	Description (Including whether or not rule is significant or major and the name and phone number of a contact)	Ready for Review
RIN Title CFR citation [with 2 spaces in between each, no hard returns]	[Use 2-letter code for type (see below)]	Not Significant. Not Major. [Please use the format and capitalization used here.] [Short summary/description of action:] We will/propose to.... [In parentheses, give contact person's name, followed by comma and phone number in following format: XXX-XXX-XXXX]	[Use 1-digit month/2- digit year format]
1018-AC57 Permit Fees 50 CFR 13	FR	Not Significant. Not Major. (Q102) This rule raises application fees for permits to conduct activities involving plants and wildlife regulated under the Migratory Bird Treaty Act, the Convention on International Trade in Endangered Species (CITES), the Marine Mammal Protection Act, and other statutes. Permit fees have not been revised since 1982. (Peter Thomas, 703-358-1922)	1/05

Key to abbreviations, **Type:** FR = Final rule; PR = Proposed rule; AN = Advance notice of proposed rulemaking; PD = Non-rulemaking policy document (includes Federal Register notices, manual releases, etc.)
